Children's Medical Services Network
(CMS Net) - Information Bulletin #219**

July 2007 Change Cycle

The following is a list of changes which were added to the CMS Net System for the July 2007 Change Cycle:

CMS Net Web

Added New Modifier: Added SC (medically necessary service/supply) as a new modifier on the drop down list. SC will be used by Durable Medical Equipment (DME) providers for portable oxygen content codes E0443 and E0444.

Added Special Instructions:
- Services to be provided by a CCS paneled PT.
- Services to be provided by a CCS paneled OT.
- Services to be provided as prescribed by a CCS paneled physician or according to an approved CCS Medical Therapy Plan.

CMS Net Legacy

Filter Inactive Users From Two Fields: Removed inactive users from the Regional Office Case Manager and the County Case Manager fields.

Updated the Pending Interview Letters: Corrected the Annual Spanish and English Pending Interview letters. The RESIDENTIAL part of the letter will reflect TWO proofs of residency are required.

Blank PTR Form: Both PT and OT therapists are displaying on blank PTRs at the same time. A Blank PTR will print out for each assigned therapist by individual client.

Print Narratives by User: Corrected the error which occurred when too many users are selected on the Select View Narrative screen.

Face Sheet Printing: Data will now be consistent when spool or screen printing the "face sheet."

Program Services Agreement (PSA): Changed the PSA Program Eligibility Dates to be blank when new program periods are established. The previous periods were displaying in the letter when attempting to generate a letter for a new pending eligibility period.

Patient ID – County Search: Only cases for the county specified will display on the search results screen when searching for cases by county.
